ANYSTREAM 2000®

VS-2000-BP

S-2222

Hand-Held Shower

❑ VS-2000-BP

Polished chrome plated Anystream 2000 hand-held shower. Includes extra long six foot reinforced hose and swivel ball bracket for shower arm mounting. Spray adjusting T-handle. 3-1/2” face. 5 self-cleaning plunger nozzles resist scale build-up and provide 50 spray channels for a full body coverage pattern. Center core nozzle delivers nine pulsating massage jets. Combination spray included. Flow control device reduces flow to 2.5 gpm/9.46 lpm maximum to meet existing ANSI A112.18.1M standard.

Dual Shower

❑ S-2222

Polished chrome plated shower system attached to any standard shower arm and offers two patented, fully adjustable, multi-featured Anystream 2000 showerheads. 3-1/2” face. Showerheads feature brass ball swivel joints and spray adjusting T-handles. Each heads 5 self-cleaning plunger nozzles resist scale build-up and provide 50 spray channels for a full body coverage pattern. Center core nozzles each deliver eight pulsating massage jets. Combination spray available. Product is equipped with an integral EZ Connection sealing device for ease of assembly to the shower arm. Requires no tools or Teflon tape in most installations. Flow control device reduces flow to 2.5 gpm/9.46 lpm maximum to meet existing ANSI A112.18.1M standard.
