

DUAL SHOWERHEADS

S-2222

S-2222-HS-CP

S-2252-2

GENERAL SPECIFICATION

S-2222

Polished chrome plated Anystream 2000® dual showerhead. Chrome plated brass manifold. Brass ball swivel joint. Spray adjusting T-handle. 3-1/4" face. 5 self cleaning plunger nozzles per head resist scale build-up and provide 100 spray streams for a full body coverage pattern. The two center core nozzles deliver eighteen vibra-massage jets. Combination spray available.

S-2222-HS-CP & S-2222-HS

Dual showerhead designed exclusively for Westin® Hotels & Resorts. Two full spray showerheads (50 sprays) with massage spray feature are attached to a solid brass manifold which has a special shut-down button to shut off one showerhead if desired. Chrome finish.

S-2252-2

Polished chrome plated Anystream® dual showerhead. Chrome plate brass manifold. Brass ball swivel joint. Spray adjusting lever handle. 2-3/4" face. 6 Lexan deposit resisting plungers with 48 spray channels per showerhead for a total of 96 spray streams for a full body coverage pattern. The manifold contains a shut off spindle to allow the user to shut off flow to one of the showerheads.
